## **Racing and Gaming Commission Funds Fiscal Year 2006**

### **State Racing Fund - K.S.A. 74-8826**

All taxes on live parimutuel wagering, admissions tax, application fees, license fees, and fines that were collected by the Commission were credited to the State Racing Fund. Two-thirds of the parimutuel taxes on simulcast performances were credited to the State Racing Fund. All operating expenses of the Commission were paid from the State Racing Fund.

### **Horse Fair Racing Benefit Fund - K.S.A. 74-8838**

This fund's revenue is derived from one-third of the parimutuel taxes from simulcast races. The Commission distributes monies from the fund for expenses related to the conduct of race meets conducted by a fair association or horsemen's nonprofit organization.

### **Horse Breeding Development Fund - K.S.A. 74-8829**

This fund's revenue is derived from breakage and unclaimed winning tickets from live and simulcast horse performances. The funds are distributed by the Commission for purse supplements, stakes races, and breed awards to animals registered in the Kansas Bred program. There are also equine research grants awarded by the Commission.

### **Racing Investigative Expense Fund - K.S.A. 74-8835**

All expenses of investigation of an applicant's qualifications for an organization license, facility owner license or facility manager license are paid from this fund. Whenever another state agency assists the Commission in investigations and incurs costs in addition to those attributed to operations of the agency, those costs are paid from this fund. The applicant reimburses the Commission for all costs related to their investigation.

### **Greyhound Breeding Development Fund - K.S.A. 74-8831**

This fund's revenue is derived from unclaimed winning tickets from greyhound races. Fifteen percent of the receipts are transferred to the Greyhound Tourism Fund. Thirty-five percent of the receipts are used to fund research conducted within the State of Kansas relating to the prevention of injury and disease of greyhounds. Fifty percent of the receipts are returned to the track where they were used to supplement stakes races for Kansas-whelped greyhounds.

### **Racing Reimbursable Expense Fund - K.S.A. 74-8827**

All fees for processing fingerprints of licensees are deposited to this fund. The expenses incurred for the processing of fingerprints of licensees are paid from this fund.

## **Racing and Gaming Commission Funds Fiscal Year 2006**

---

### **Racing Applicant Deposit Fund - K.S.A. 74-8828**

An applicant proposing to construct a racetrack facility is required at the time of making application to make a deposit. If the racetrack is constructed in accordance with the terms of the application, the deposit and interest are refunded. If the applicant fails to complete the racetrack facility in accordance with terms, the deposit and interest are forfeited by the applicant.

### **Tribal Gaming Fund - K.S.A. 74-9808**

All amounts collected by the state gaming agency pursuant to tribal-state gaming compacts are deposited to this fund. All operating expenses of the state gaming agency are paid from this fund.

## Departments of the Commission

### Licensing

The Licensing Division ensures the integrity of racing and wagering in Kansas by identifying, licensing and conducting background checks on individuals who work at the racetrack facility, owners of the racing animals, and industry personnel participating in racing. These individuals are required to obtain an occupation license and undergo a background check before working or racing animals at the facility. In addition, licenses are granted to facility owners, facility managers, non-profit organizations, concessionaires, racing and wagering equipment and services, and simulcasting entities. Officers, directors and owners of these entities are subject to background investigations before a license is granted by the Commission.

#### Occupation Licenses

In 2005 there were 3,339 occupation licenses issued and in 2006 the commission issued 3,270 licenses to industry personnel and racetrack personnel during the license year. One-year and three-year occupation licenses were issued in different license categories for the race meets at the Woodlands, Wichita Greyhound Park and the county fairs. Over 560 sets of fingerprints in 2005 and over 481 sets of fingerprints in 2006 were submitted to the Kansas Bureau of Investigation for background checks. Licensees were able to participate in the fingerprint reciprocity program in lieu of submitting fingerprint cards. Licensees submitted fingerprint reciprocity forms for 13 different racing jurisdictions in both 2005 and 2006 that were recognized by the commission. These reciprocity records were then verified with the specific jurisdiction in order to complete the background check on the licensee. Facility and organization licensee payrolls were checked monthly to ensure employees were properly licensed and racing proofs were checked to verify owners, trainers, jockeys and entities were properly licensed and registered prior to racing.

#### Registrations

Stable names, kennel names, corporations, partnerships, syndicates and other entities that own racing animals, which participated in racing in Kansas, were required to register with the commission. Entities filed 368 registrations during the 2005 license year and 360 registrations in 2006. Owners of these entities were required to obtain an occupation license.

#### Concessionaire and Racing and Wagering Equipment and Services Licenses

Concessionaire licenses are required before any entity may sell goods or services at a racetrack facility. There were 46 concessionaire licenses granted in 2005 to entities providing animal feed, tack and supplies as well as food and beverage concessions and video and photo finish products. Also included in these was 1-3 day Special Class Concessions for special events such as craft shows, train shows, etc. In 2006, 36 concessionaire licenses were active for businesses selling goods and services at the racetrack facilities. Racing and Wagering Equipment and Services licenses were issued to entities providing equipment and services to facility and organization licensees during 2005 and 2006. These included services such as totalisator, photo finish, video replay and starting gates. There were ten entities in 2005 and eleven entities in 2006 that had active Racing and Wagering Equipment and Services licenses.

## Departments of the Commission

### Animal Health

The Kansas pari-mutuel racing act provides that the commission appoint an animal health officer and assistants to advise the commission in matters of veterinary medicine. At all times they are to serve and protect the health and well being of the racing animals. The animal health officer serves on the commission staff in Topeka, and two assistants serve at each racetrack.

The animal health officers are responsible for conducting veterinary services for racing animals. This includes physical examinations prior to racing and observation for lameness, illness, or any other condition which would prevent the animal from racing to its potential. They are also responsible for treating emergencies of a veterinary nature encountered during the running of the race. In consultation with the racing judges or stewards, the animal health officers help determine which animals may be scratched from racing due to injury, disease, or disability.

Racing animals are subject to drug testing to deter the use of drugs to influence the outcome of a race. The animal health officer at each track is charged with obtaining blood and/or urine samples to be submitted to the official testing laboratory. A concerted effort is made to obtain the desired specimens from the animals and deliver them to the laboratory under strict chain of custody procedures so that a given specimen is unadulterated and from the identified animal.

Through most of 2005, the racing chemistry was performed by Truesdail Laboratories in Tustin, California. In 2006, the racing chemistry was performed under a new contract by Center for Tox Services in Tempe, Arizona. The results of the testing programs are as follows:

<u>Source</u>	<u>Urine</u>	<u>Blood</u>	<u>Total</u>	<u>Number of Positives</u>
2005				
Equine	985	1016	2,001	16
Greyhound	8,884	0	8,884	11
2006				
Equine	891	931	1,822	16
Greyhound	5,702	0	5,702	5

## Departments of the Commission

---

### **Racing Division**

Parimutuel wagering and racing activities at each racetrack is under the general authority and supervision of the Commission's appointed greyhound racing judges and horse racing stewards. The judges/stewards may interpret the regulations and order appropriate action to ensure a fair race and to protect the best interests of racing. The stewards and judges conduct administrative hearings; levy penalties on licensees; observe each race to ensure races are conducted in accordance with the regulations; determine the official winner and respective positions; maintain a detailed written account of each question, dispute, protest, complaint and objection; excuse any racing animal that is unfit or ineligible to run; submit and file for each performance a written judges/stewards report for each performance to the commission office.

### **Security Division**

Security personnel are vested with the power and authority of law enforcement officers in the execution of the duties imposed upon the commission by the provision of the parimutuel racing act. The division's goal is to ensure licensees involved in racing activities are honest, to be proactive and responsive to confidential information concerning potential illegal activities, and to eliminate and/or reduce the potential for accidents. The commission appointees serving as security personnel work towards achieving the goal by investigating violations of the race act, conducting search and seizures, and enforcing all criminal laws of the State. The security personnel also conduct background investigations for various management positions within the racing industry as well as those for all commission employees.
